Hi Kathleen,

I finished up the revisions and found some information that I think will help. I did add some comment bubbles as well in response to some of your questions. Please let me know if any added information or changes need to be done.

Thanks,

Melissa

Hi Melissa, can you confirm that you received this request? I am not in a big rush, but can you let me know when you think you can have revisions completed?

Thanks,

Kathleen

Hi Melissa, thanks for working on this. Sorry it has taken me so long to give you feedback.

I went through the document and have edited a bit and added some comment bubbles where I'd like some additional clarification. For the column I (somewhat cryptically) labeled "statistically significant findings" Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) Sorry I was not more clear. The exposure column looks good.

Thanks. Let me know if you have questions.

Kathleen

Hi Kathleen,

I have added the information in the BaP (Benzo(a)pyrene) table literature search update task. Please let me know if you would like me to make any additions or changes to the information. Thanks!
